Gamblers Anonymous

Gamblers Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from a gambling problem.

The only requirement for membership is a desire to stop gambling. There are no dues or fees for Gamblers Anonymous membership; we are self supporting through our own contributions.

Gamblers Anonymous is not allied with any sect, denomination, politics, organization or institution; neither endorses nor opposes any cause. Our primary purpose is to stop gambling and to help other compulsive gamblers do the same.

In the world today, compulsive gambling has become a problem of menacing proportions. Men and women who are in the grip of this progressive illness are in constant misery and despair. They seem powerless to escape, and often, don't want to. For those that do want to escape, the first step is an honest appraisal of all of the areas, in their life, in which gambling has become a problem.
